

○ v2.4 · BUILT FOR HSW365

Record. Autotune. Mix like a pro. Ship to every platform.

A full studio in your browser. Record vocals over imported beats, run them through a real Web Audio pro rack, export broadcast-ready WAV and MP3 320, then push to Spotify, Apple Music and Tidal from one dashboard.

- ✓ No card required for trial
- ✓ \$15 first month, \$23/mo after
